Inclusio closes 2021 with 3 new acquisitions

Brussels, 28 December 2021. Inclusio, the Belgian REIT specializing in social real estate, announces the signing of three new acquisitions in Flanders

Inclusio first purchased two new Villa VIP in Brugge and Wevelgem. These buildings were constructed in 2020 and have been operational for a few months. They can accommodate between 8 and 10 people with disabilities living in these premises under the supervision of a caring couple assisting them for many of their daily tasks.

In addition, Inclusio also bought on December 22 a last building in Oudenburg. This property consists of 9 affordable apartments (8 of them were already currently leased by the local Social Rental Agency, JOGI).

Over the course of 2021, Inclusio has therefore invested more than EUR 40 millions in social real estate across the three regions of Belgium, exceeding the objectives announced at the time of its introduction on Euronext Brussels last December.
